The Board of Ed will pay for drug testing at the middle school. We would have our own coordinator for this. We need to check with the DJJ to see if there is an age appropriate counselor for the middle school students who have a 2nd positive test. The procedures would have to be tailored for the middle school.

2. Attendance Policy

C. August Meeting Date

We will need to have new elections and recommendations for representatives. We also need to check to be sure which members are coming off the team, and make sure that people are trained before they are up for election. The meeting will be Friday, August 18 at 11:30.
